Sub: Anti-plagiarism software “URKUND” for Faculty / All Students

Dear Students/Researchers,

As you are aware that as per JNU policy, it is mandatory to check your Thesis/Dissertation using anti- plagiarism tool-TURNITIN. All PhD/MPhil students may request your guide to have your TURNITIN account.

Central Library, JNU with the help of INFLIBNET Centre (UGC) is also providing another anti-plagiarism software known as “URKUND”. URKUND offers a fully-automated system for handling plagiarism. In short, the students send their documents to their teachers by e-mail. Along the electronic route between student and teacher, the documents are checked against three central source areas: Internet, published material and student material. If any document displays similarities with the content in the three sources, the system will flag it for possible plagiarism. An analysis overview is generated and sent by e-mail to the teacher concerned. The analysis overview presents in a simplified form the information needed by the teacher in order to determine if plagiarism has occurred.

I am pleased to inform you that this facility is available for all students and faculty including Master's and Bachelor's students. To get your document/paper/assignment/Term paper/Theses/Dissertation checked, may email it as an attached file to librarian.jnu@analysis.arkund.com . The report will be emailed to you. Similarly you can get your report through your teacher's /supervisor's/guide's URKUND account.

More details regarding this can be had from JNU Library site under “Research Support” link.
